Tariff Guide for Residential Customers

Your guide to BT's prices for:

- Telephone Lines and Calls (UK, International and Operator Connected)
- Discount Plans
- BT Broadband
- BT Infinity
- BT TV
- BT Sport
- Packaged Services

This document contains the rates paid by BT customers on the Calling Plans "Unlimited Evening & Weekend Calls" and "Unlimited Anytime Calls".

Tariff Guide for Residential Customers

Paying for your Calls

Most call charges vary according to the time and day on which you make the call. In this Tariff Guide unless otherwise stated the following definitions apply:

Daytime	- 7am - 7pm, Monday to Friday
Evening	- 7pm - 7am, Monday to Friday
Week Day	- Midnight Sunday to midnight Friday
Weekend	- Midnight Friday to midnight Sunday

Call Set Up Fees

Call set up fees payable in addition to any pence per minute rates apply to most calls as follows:

BT Basic & non BT Calling Plans	3.2p
All other current Calling Plans	15p
All other previous Calling Plans	13.87p

Applicable Set-Up Fee call types

For all Residential customers, Private Payphones and Operator Assistance (specially assessed)

A set up fee will apply to the following calls:

- Inland geographic Calls (including g21 rate and ISDN64k calls)
- Calls from Northern Ireland to the Irish Republic
- Calls to Channel Islands
- 08xx numbers (excluding 0800 and 0808 numbers)
- 09xx numbers (excluding fixed fee premium rate numbers)
- Fixed-to-mobile calls (excluding ISDN 64k)
- International Calls (including calls to international mobiles but excluding ISDN 64k and satellite calls e.g. Inmarsat)

For customers on BT Basic, a Call Set-up Fee of 3.2p applies to all calls which attract a "per minute" charge.

(Prices shaded in grey are for products/services that are no longer available for new supply)

There is no Call Set-up Fee for inclusive calls.

A set up fee will not apply to the following calls unless otherwise stated in this Tariff Guide:

- UK Day, Evening and Weekend geographic, 0870, g21 rate and 0845 calls where the pence per minute (ppm) rate has been set to zero for the first hour of each call (or to such calls which start within the uncharged period but end after the uncharged period)
- Fixed rate UK calls on Unlimited Weekend Plan
- Fixed fee calls
- Calls charged by Time duration which start with a fixed fee.
- Personal Numbering, Paging, Multimedia, Fixed to WiFi Services and dq118 Services for which a minimum call charge of 5.5 pence applies.

Duration based calls with an initial fixed fee element

Where the duration of the call is covered by the initial fixed fee, the call charge will be rounded in the same way as a standard fixed fee call. Where the duration of the call exceeds the period covered by the initial fixed fee, the VAT inclusive charge for the fixed fee and duration based parts of the call will be added together and the total charge will be rounded up to the next whole penny. (up to the next half penny for BT Basic).

Total call bill

The total call bill will then be rounded to the nearest whole penny.

Duration Rounding - All Residential Customers

The duration of the following call types will be rounded up to the next whole minute.

- Inland geographic Calls (including g21 rate, 0870 and ISDN64k calls)
- Calls from Northern Ireland to the Irish Republic
- Calls to Channel Islands
- Fixed-to-mobile calls (excluding ISDN 64k)
- International Calls (including calls to international mobiles but excluding ISDN 64k and satellite calls e.g. Inmarsat)
- Calls from Private Payphones
- The above Call types via Operator Assistance (specially assisted)

All other call types will be rounded up to the next whole second unless otherwise stated in this Tariff Guide.

How we round the Price of a Call

Call Charge Rounding

Duration based calls

The VAT exclusive charge of each call will be rounded up to a whole penny, except for calls to non-Mobile 07X numbers, which will be rounded up to a tenth of a penny.

For BT Basic customers only, all calls, including calls to mobiles using Number Translation Services (NTS), will be rounded up to half a penny. All other NTS calls will be rounded up to a tenth of

For customers on Calling Plans, a Call Set-up Fee of 15p applies to all calls which attract a "per minute" charge.

Calls to Specialised Numbers and UK Mobile Phones

When you make a call from an ordinary fixed telephone line to another fixed telephone line, the price you pay for the call will depend upon where the two lines are located -that is, they are geographically based charges. Calls to some numbers, however, are charged at prices that are the same irrespective of where you are calling. That is, the charges are not geographically based. These calls are usually to mobile telephones, premium rate lines or information services (such as Directory Enquires). To find out the prices for calls to such number look up the number in the Specialised Numbers brochure. The first few digits of the number (e.g. 07850), will tell you at which rate your call will be charged (e.g. "fm1"). Then look for that rate within the table of charges also contained in that brochure.

Alternatively, visit our website at: www.bt.com/pricing

Fixed Line to Mobile

For your convenience, the Calling Plan fixed to mobile prices can be seen in the tables on pages 8 and 9 of this guide.

Please note that calls to mobile phones will be charged at the original network operator rate, regardless of whether the number has been transferred to another network.

When calling 0845 numbers during the daytime, subscribers to BT Unlimited Anytime Calls pay nothing.

Calls to mobiles are charged at the rate of the network who first issued the mobile number. So if the mobile number has been ported to a different network the charge for the original network will apply.

For example, a mobile number that has been ported from Vodafone to O₂ would be charged as a Vodafone number.

Calls to customer service on 0800 230 0202 are free of charge at all times of day from your home phone line.

Home Phone Number Ranges

Calls from your Home Phone to Specialised Numbers
Effective from 30th April 2013

How to use this document

Use together with the Home Phone Price List. For details see o2.co.uk/terms.

This document shows a range of Specialised Numbers such as Personal Numbering Services, Wi-Fi Numbers, Pager and Voice Messaging Services, Premium Rate Services, Internet Services, Satellite Numbers, Fixed Fee calls, Multimedia Services, and Specialised Services.

To find the correct charge for a certain call, follow these steps:

1. Find the dialling code for your number or as it's shown on your bill
2. Use this document to look up the charge description (i.e. fm4) for your number
3. Check the Home Phone Price List for the charge details for this type of call

The prefixes used by GPs are highlighted. This one shows that those which start 0844 387 are g11 numbers.

010812 Non-Geographic V1

Direct Dialed call charges

Each non geographic dial code is in a charge band. To find out how much it costs to call a particular non-geographic number, you'll need to know which charge band the dial code fits into. To do this, follow the steps below.

1. If you know the dial code for the number you want to call, look it up in the table below.
 2. The dial code will have a charge band written next to it, which you can make a note of.
 3. Now open up the Residential Tariff guide and here you'll see each of the charge bands, with the call costs right next to it.
- Call charges are shown in pence per minute and you'll be charged for every minute that you're connected to the network.
 - Call durations are accurate to plus or minus 1.1 seconds and are rounded up to the next minute.

Price Guide.

Everything you need to know

Our Pay Monthly Packages.

All calls made by pay monthly customers, (except calls to short code, premium rate numbers and EU roaming calls) are initially rounded to the first minute and are billed per second thereafter. After the first minute for Pay Monthly customers calls are charged by the second, except some roaming calls, calls to Directory Service and Special Calls. The call duration will be mathematically rounded to the nearest second.

The One Plan.

The One Plan has more than enough of everything, at a more affordable price, and there is no charge for voicemail and internet.

Footnotes.

1. If your Package includes a set of allowances, it's made up of a number of units which automatically convert into voice minutes, texts or data when you use your device to make a call, send a text or use data. A unit means either one minute of calls, one text or one megabyte of data. To help you understand the value you're getting from your plan, you'll see a breakdown of the exact cost of the units included within your allowances on page 2 of your monthly bill in the 'Answering your questions' section titled 'About your allowance's unit costs'.

An example of the unit costs for a tariff such as The One Plan is as follows: 0.7p per minute, 0.08p per text and 0.008p per megabyte. These aren't charges for going over your allowance, these units are included in your plan. They also don't include any one-off reductions, discounts or any 30 day or rolling short-term Add-on allowances - the unit costs for short-term Add-on allowances are shown in the table on page 31. If any of your allowances are all-you-can-eat, for the purposes of calculating a price per unit for you on your bill, we treat them as being units entitling you to either 3000 minutes, 5000 texts or 25GB of data, so that we can show a unit cost. If any of your allowance units can be used for two different things, like minutes and texts, we base the unit costs on you using half of your allowance on each type. For example, if you have 500 allowance units that you can choose to use as either minutes or texts, we base the unit costs on you using 250 texts and 250 minutes. **Inclusive voice minutes in any price plans or Add-ons are for voice calls made either from the UK or while in a Feel At Home Country to any other standard UK mobile (beginning 07 but excluding certain numbers - see page 25 for details) landline (beginning 01, 02 and 03) and voicemail (retrieved by calling 123 from your mobile in the UK) Inclusive texts are texts either sent in the UK or sent while in a Feel At Home Country to a UK standard mobile (beginning 07 but excluding certain numbers - see page 25 for details). Inclusive video minutes on video pack with mobile are for video calls made from the UK or in a Feel At Home country to other Three UK mobiles. No rollover of monthly allowance to next month for Pay Monthly customers. Pay As You Go Top-up vouchers have no expiry date once activated (vouchers must be activated within 90 days of purchase). Pay As You Go Add-ons are valid for 30 days from date and time of activation, apart from Internet Daily, which lasts for 24 hours from activation, and Internet Weekly, which lasts for 7 days from activation. After monthly or Top-up allowance is used up, prices for additional use are shown in our service prices tables at the front of this guide (page 11 for**

Business customers and page 15 for Pay As You Go customers). If your inclusive allowance runs out during a call, we will charge you for the remainder of the call at the charges published in this guide. The maximum cost of calls to 08 numbers is 35p per connection plus 35p per minute. International calls and messages, calls and messages made and received whilst abroad, premium rate calls and messages, reverse charge messages, message alert services and directory service calls, calls to 0800 / 0500 / 0808 numbers that are not on the THA list, non-geographic numbers (087, 084) and special numbers (eg 090, 070) are excluded from any monthly and Top-up voice and messaging allowances, except if you are in a Feel At Home country. See pages 25 and 26 for details of these charges. You can return a call directly to someone who has left you a message by simply keying # at the end of their message. This is called Call Return (returning a call directly from the voicemail service). When using Call Return, calls are charged at your standard price plan rates or from any inclusive allocation, as though you had made the call directly. Call returns will be shown separately on your bill. Call return from voicemail may not be made to certain numbers such as international and premium rate numbers. Any call-barring restrictions you have will also apply. You can only return one call directly from the voicemail service. As soon as you finish the call you will be disconnected and will have to redial into voicemail if you wish to continue listening to your voicemail. If you divert your incoming calls to another number, we'll charge you for each redirected call. The cost of the redirected call depends on your price plan and type of number.

2. Monthly allowances for photo and video messages (if any) only apply to messages within the UK, except if you are in a Feel At Home country in which case, your monthly allowances for photo and video messages will also apply. Messages sent from the UK to international destinations, messages sent and received whilst abroad, photo and video messages and alerts received as part of Three's Alerts services are excluded from any monthly Top-up and Add-on allowances for messages.

3. Each text/photo/video message can accommodate 160 characters. Some handsets allow for more, these will be divided and sent in numerous messages (depending upon length). Each message will be deducted from your Top-up, Add-on or monthly allowance (if any) or charged at standard rates. When you send messages to several recipients at the same time you will be charged separately for each recipient.

Inclusive minutes apply for calls to landlines.

Pay monthly Animal Package Terms and Conditions: Available from 01 February 2013: Joining one of our plans is subject to status and minimum term contract. Our network terms will apply to you and you can read them at orange.co.uk/terms. All services are within the UK only unless otherwise stated. These terms apply to you if you are a new pay monthly customer or an existing customer who moves onto one of our current range of plans.

1. Inclusive Minutes & texts: Minutes and person to person texts from the UK to mobile networks and landlines beginning 01, 02 & 03 (excluding the Channel Islands and Isle of Man). Voicemail in the UK is included in allowances on all plans. Calls to landlines in the UK and Dolphin 24 month plans costing £15.50 or £20.50 a month, where it's free, Text 1

2. Inclusive International: Calls to landlines in the UK, Bermuda, Brazil, Canada, China, France, Germany, Gibraltar, Greece, Hong Kong, India, Italy, Japan, Korea, Luxembourg, Malaysia, Mexico, Netherlands, New Zealand, Norway, Portugal, Puerto Rico, Romania, Russia, Singapore, South Africa, Sweden, Switzerland, Thailand, Trinidad and Tobago, USA, and the

4. Swapables: Customers on Panther 24 month plans costing £15.50 or £20.50 a month can choose one swapable at a time. All other Panther customers can choose two. Customers on Panther 24 month plans costing less than £20.50 a month and Panther 18 month plans costing less than £26 a month can choose one swapable at a time, all other Panther customers can choose two. We'll send you a text after you join Panther, containing a link to our Orange World mobile website. Swapables are activated when you make your choice in Orange World from your phone. To download and use your inclusive swapables will require you to use data; deductible from your inclusive mobile internet allowance. Once you've used this allowance, you'll be charged for mobile internet use in accordance with 10 below. You can change each swapable in Orange World once every 30 days, counting from the last time you changed it. We might change the range of swapables available for you to pick from in future.

5. Upgrading Swapables: You may be able to upgrade an existing swapable on your account for an additional charge. You'll only be able to upgrade a swapable that is existing on your account and if you change the swapable, we'll remove the upgrade at the same time. The terms in 11 below apply.

6. Inclusive Email: You'll need a compatible phone. E-mail solution will vary by device and must be activated by you from your device. Email terms can be seen at <http://www1.orange.co.uk/mobileterms/pdfs/Orange-Mobile-Email-Terms-and-Conditions-20110401.pdf>. BlackBerry service is subject to further terms at www.orange.co.uk/business/bis/terms

7. Inclusive Mobile Internet & Inclusive Tethering: You'll need a compatible phone. If your plan includes a tethering allowance you'll also need a compatible computer. Mobile internet and tethering are subject to coverage and the allowances set out in your plan. Mobile internet browsing and tethering (whether as part of an inclusive allowance or not) is not to be used for other activities (such as non-Orange internet based streaming services, voice or video over the internet, instant messaging, peer to peer file sharing).

8. WiFi: On selected plans you'll get 3GB of inclusive WiFi to use at BT WiFi hotspots (to find a hotspot check out btwifi.co.uk). You'll need a compatible phone. As Orange isn't the provider of the WiFi service, we aren't responsible for whether there is WiFi available where you want it, or for the quality of that service. We might swap your WiFi service to another provider in future, provided that you get the same experience. Remember that BT's terms, including those about acceptable use, will also apply to you when you use BT WiFi. You can see these here: <http://www.btwifi.co.uk/terms-and-conditions/>

9. SIM only plans: If you decide to upgrade or cancel your contract you'll need to give 30 days notice to us. Before you can use your Orange SIM in your existing phone you may need to get your previous network to unlock the handset. A charge may be payable.

10. Charges outside of any inclusive allowance: i. Minutes and Texts: Once your allowance is used up, all calls are rounded to the nearest minute. Calls to UK landlines (as described above) and UK mobile networks are charged at 35p per minute and 35p to Answer Phone. Texts (as described above) are charged at 15p each. Calls to call forwarding services (including those beginning 07), 05, 08 and 09 numbers are not included. Texts sent to call forwarding numbers cost 15p each. Calls to 08 numbers cost 35p/min. 070 numbers cost up to 76.6p/min. 09 numbers cost up to 76.6p/min. Answerphone calls will be charged at 35p per minute. If you answer a call return will be charged at 35p per minute. If you join a 24 month contract you'll be charged £5 for each 250M for an additional 250M. After that, if you network protection controls will result in a reduced speed of transmission and/or disconnection. See Mobile Internet terms for details of prohibited activities. Mobile internet allowances do not roll over. That means if you don't use the out of allowance mobile internet purchased before the end of your billing cycle, you'll lose it. Other terms apply, see www.orange.co.uk/terms

11. Multimedia Products: You may be able to buy multimedia products from Orange World. Remember, some multimedia products may be incompatible with some phones, check out our compatibility chart at www.orange.co.uk/swapables. You'll need a video enabled device with 3G connection to stream TV or video and a GPS enabled device to use satellite navigation products. Some products are available to buy for a one-off download charge; other products will have a monthly subscription charge which will continue until you tell us to stop it by calling 150 from your Orange phone. We can't provide a pro-rata refund when a multimedia product is cancelled or removed. Remember, you'll need to browse the internet to use some multimedia products, and other multimedia products are apps, which will always be connected to the internet, so data charges may apply. Use is also subject to coverage and the fair use policies for mobile internet and WiFi set out in these terms. We contract with third parties for provision of the multimedia products and can't promise that the products will always be available or that they will work perfectly. If you use the multimedia products to provide content to, or access content provided by our content partners, remember that they own that content and we are not responsible for what you see. You may be asked to accept software updates at any time, and you must download these updates in order to continue receiving the most up to-date functionality of the products. Multimedia products are for UK use only and additional data charges may apply if you use the products outside of the UK. Other terms apply to each multimedia product, check them out on your phone in Orange World at <http://orangeworld.co.uk/swapables>

Successfully top-up £10 in a calendar month and you will get free minutes the following month. We'll send you a text to let you know you've earned the free minutes. We'll add them to your account at one minute in the morning on the first day of the next month. As long as you stay a member of the plan throughout the month, you'll have your free minutes to use in the UK the following month. You'll get 100 UK minutes from the UK to UK mobile networks, voicemail and numbers starting with 01, 02 and 03 (excluding Jersey, Guernsey and Isle of Man). You'll need to use your free minutes during that month, or lose them. If you change plans while using the free minutes or texts you've earned, you'll lose any that you haven't already used. And remember, on our International plan you can't buy any of our international calling or texting Boosters.

Successfully top up £15 in a calendar month (in any denomination) and get free internet on your phone the following month. We'll send you a text to let you know you've earned the free internet. We'll add it to your account at one minute in the morning on the first day of the next month. As long as you stay a member of the plan throughout the month, you'll have your free internet to use following month. You'll need a compatible phone and internet coverage, check it at t-mobile.co.uk/ stretchcheck. Remember, you can only use internet on your phone in the UK and you can't use your phone as a modem or use internet on your phone for peer to peer file sharing, instant messaging or making internet phone calls. Your free internet comes with a fair use policy of 500MB a calendar month. We'll monitor how much you send and receive each calendar month so that we can protect our network for all our customers. If you use more than your fair use policy amount, we won't charge you any more, but we may restrict how you can use internet on your phone. Remember that if you want to use internet outside the UK then additional charges will apply. See Non Standard Charges for more information.
