090
091
098

Unfortunately we don't have any information about the number **09*******.

You should contact your phone network and ask them for details about this number and service. Ask for the phone number of the company operating the service (service provider) and contact them directly.

If you cannot contact the service provider, then please get in touch with us [here](#).

Unfortunately we don't have any specific information about the number **09*******.

Call charges for calls to 084, 087, 09 and 118 numbers consist of an Access Charge set by and paid to the benefit of the caller's landline or mobile provider and a Service Charge set by and paid to the benefit of the called party (the service provider) and their telecoms provider.

Your landline or mobile telephone provider must publish details of their Access Charge in their tariff list. The rate will be the same for all 084, 087, 09 and 118 numbers.

The service provider must publish the Service Charge for their number immediately adjacent to the number wherever it is advertised or published.

For 09 numbers the Service Charge can be up to £6.00 per call or up to £3.60 per minute (including VAT) or a combination of both. This is on top of your phone provider's Access Charge.

Where the Service Charge is more than 7p per call or per minute, the number is regulated by PSA and the service provider must register with PSA.

Where any 09 number is used for a chatline, internet dialler software operated service or sexual entertainment service, irrespective of the level of service charge, the service provider must register with PSA.

You should contact your phone provider and ask them for details about this number and service. Ask for the phone number of the company operating the service (service provider) and contact them directly.

If you cannot contact the service provider, then please get in touch with us [here](#).

118

Unfortunately we don't have any information about the number **118*****.

You should contact your phone network and ask them for details about this number and service. Ask for the phone number of the company operating the service (service provider) and contact them directly.

If you cannot contact the service provider, then please get in touch with us [here](#).

Unfortunately we don't have any specific information about the number **118*****.

Call charges for calls to 084, 087, 09 and 118 numbers consist of an Access Charge set by and paid to the benefit of the caller's landline or mobile provider and a Service Charge set by and paid to the benefit of the called party (the service provider) and their telecoms provider.

Your landline or mobile telephone provider must publish details of their Access Charge in their tariff list. The rate will be the same for all 084, 087, 09 and 118 numbers.

The service provider must publish the Service Charge for their number immediately adjacent to the number wherever it is advertised or published.

For 118 numbers the Service Charge can be up to £15.98 per call or up to £7.99 per minute or a combination of both. This is on top of your phone provider's Access Charge.

Where the Service Charge is more than 7p per call or per minute, the number is regulated by PSA and the service provider must register with PSA.

You should contact your phone provider and ask them for details about this number and service. Ask for the phone number of the company operating the service (service provider) and contact them directly.

If you cannot contact the service provider, then please get in touch with us [here](#).
