List of GP surgeries in breach of contract - from NHS Choices 17 July 2014

The list of **350** NHS GP surgeries which follows was taken from the **NHS Choices** database on 17 July (it updates that from 9 May 2014). It includes all those showing a 084 telephone number, use of which is prohibited by the GP NHS contract. The revised contract allowed 12 months grace for practices to arrange a change of number, where necessary. **This expired on 1 April 2011**.

The name of each listed surgery holds a link to the published entry showing the "illegal" number.

A letter to each NHS England Area in November 2013 reminded officers of the requirement they must enforce. **We can see no justification for this continuing tolerance of a continuing breach of contract**. The number of cases outstanding for each is as follows:
