‘greedy and foolish’ Local Authority telephone payment lines

Table Columns

SC The “**Service Charge**” (including VAT) paid to the user of the line, as pence per minute

Use The most egregious use of the Payment Line is shown, based on the following sequence:

Rent	Council Rent
CT	Council Tax
Park	All Parking
PCN	Parking Penalty Charge
Fare	Penalty Fares

Coll The name of the organisation seen to be contracted to collect payments for the Council

Cap	Capita
Civ	Civica
NSL	NSL

In many cases, it will be the contractor which operates the Payment Line, on behalf of the Council and in accordance with its instructions.

(The absence of a name only indicates that no collections contractor has been identified.)

Cost of Calling

In addition to the **Service Charge**, callers also pay the premium rate **Access Charge** set by their own telephone service provider (see the list of rates given here). In almost every case this is well in excess of the benefit derived by the local authority.

For example, someone with a Vodafone (Access Charge 55p per minute) paying their Council Rent by telephone in Hounslow (Service Charge 2p per minute) would pay **£1.14** for a two-minute call. This is broken down as follows:

- £ **91.67p** to Vodafone
- £ **19.00p** to the Exchequer in VAT
- £ **3.33p** to the London Borough of Hounslow (or its contractor)

Even with the lesser BT Access Charge of 15p per minute and the maximum 084 Service Charge of 7p per minute, the same principle is seen to apply.

This is why we see all use of 084 (and 087) numbers as “**greedy and foolish**” – see “insanity”

Breach of Regulations / Guidance

In many cases, the web page (viewed by the link) is in breach of regulations - see “ukcalling”.

These require clear declaration of the **Service Charge** applied to the cost of calling these numbers and reference to the fact that an Access Charge is also paid.

Where this information is not provided, Ofcom regulations are being breached.

In December 2013, the Cabinet Office published HMG Guidance - Customer Service Telephone Lines - Use of Number Prefixes. Compliance was mandatory for central government departments and agencies and has been achieved.

It was strongly commended to other public bodies. All of the authorities listed here are in breach of that Guidance.
